

CALENDAR-THEMATIC PLAN
of classes in the subject "NEUROLOGY INCL. NEURODENTISTRY »
for the training of professionals of the second (master's)
level of higher education on specialties 221 «DENTISTRY»
for students of the 4th year of dental faculty VIII semester 2022- 2023

№	Section 1: «Neurology»	Number of hours	Groups	Date	Hours
1.	The main stages of development of neurological science. Principles of structure and functioning of the nervous system. Sensory system and symptoms of its affection. Types and kinds of sensory disorders.	2	1	07.02.2023	9:15 - 10:50
	Pathology of olfactory and visual analyzers.	1			
	The trigeminal, vestibulocochlear nerves and symptoms of their lesions.				
2.	Voluntary movements and its disorders. Pyramidal system. Symptoms of central and peripheral paresis.	1	1	21.02.2023	9:15 - 10:50
	Syndromes of lesions of the oculomotor nerves and facial nerve.	1			
	Pathology IX - XII pairs of cranial nerves. Bulbar and pseudobulbar syndromes.	1			
3.	Extrapyramidal system and syndromes of its lesions.	1	1	07.03.2023	9:15 - 10:50
	Cerebellum, syndromes of its lesion.				
	Localization of functions in the cerebral cortex. Syndromes of lesions.	1			
	Cerebrospinal fluid, its changes. Meningeal syndrome.	1			
Section 2: «Neurodentistry»					
4.	Headache.	1	1	21.03.2023	9:15 - 10:50
	Epilepsy and non-epileptic paroxysmal states.	2			
5.	Vascular diseases of the brain and spinal cord. Vascular pain in the face.	1	1	04.04.2023	9:15 - 10:50
	Infectious diseases of the nervous system.	1			
	Demyelinating diseases of the nervous system.	1			

6.	Pathology of the autonomic nervous system. Lesions of the autonomic ganglia of the face: pterygopalatine, ciliary, submandibular, sublingual, ear nodes, cervical sympathetic trunk. Visceral pain in the face.	1 2	1	18.04.2023	9:15 - 10:50
7.	Lesions of the trigeminal nerve system: trigeminal neuralgia, odontogenic trigeminal neuralgia, postherpetic trigeminal neuropathy, neuralgia of the main branches of the trigeminal nerve. Iatrogenic trigeminal neuropathy. Lesions of the lingual-pharyngeal, vagus and sublingual nerves.	2 1	1	02.05.2023	9:15 - 10:50
8.	Diseases of the peripheral nervous system. Facial neuritis, gangliopathy of the geniculate ganglion of the facial nerve. Syndromes of oral cavity. Stomalgia. Glossalgia. Psychalgia. Myofascial pain syndrome. Diseases of the temporomandibular joint. Credit class.	1 2	1	16.05.2023	9:15 - 10:50
	In total	24			

The calendar-thematic plan of classes is made on the basis of the Curriculum on the subject "NEUROLOGY INCL. NEURODENTISTRY » for the training of professionals of the second (master's) level of higher education on specialties 221«DENTISTRY», on January 17, 2023 (Minutes # 11).

Head of the Department of Neurology, Dr. Med. Sci.

Prof. T.I. Nehrych
