TO WHOM IT MAY CONCERN

The Dean's Office of the Faculty of Foreign Students of Danylo Halytsky Lviv National Medical University (LNMU) want to inform foreign students about the following:

In spite of all difficulties Danylo Halytsky Lviv National Medical University has not stopped working and is working now in the regular mode, continues providing educational services. The situation in Lviv region and in Lviv, in particular, remains quite safe, stable. All infrastructure, public and business services, hospitals work in a regular mode.

University has received recommendations from the Ministry of Education and Science of Ukraine to start the 2022/2023 academic year in offline mode, if there are shelters, and Danylo Halytsky Lviv National Medical University is ready to begin academic year in offline mode. However, there are still some difficulties for the arrival of foreign students in such conditions.

!!! Nevertheless, taking into consideration all abovementioned, and according to the Rector' Order № 2790-3 from the July 29, 2022, studies of 1-6 courses of the Faculty of Foreign Students should be conducted in a mixed form (offline or online) depending on the possibility of their arrival to study in Ukraine.

University will be doing all the needful and is working with the Embassies of the neighboring countries to make smooth the process of getting the Transit Visas.

Dean's Office of the Faculty of Foreign Students will be promptly informing foreign students about the new information that is received.

We would like to emphasize that the main priorities for our University remain the high standards and quality of education, safety and health of students and successful further recognition of the received educational degrees of our graduates.

Dean
of the Faculty of Foreign Students
