

ALGORYTHM

Histology final exam

for 2 nd year students, faculty of General Medicine.

1. The histology exam is conducted online on the MISA study network.
2. The exam begins on the day and time determined by the exam schedule (will be available in the end of December 2021).
3. The duration of the exams open gate is 120 minutes, including 90 minutes for 80 tests answering ,and 40 min is a maximum system entry interval.
4. The exam consists of 80 tests, including 40 first-level tests (one correct answer), and 40 tests of second level of difficulty – student is asked to choose two or more correct answers. The second level tests are considered to be solved correctly when the student has given only the correct answers. If a student gives at least one incorrect answer, the whole test is considered incorrect. Second level complexity tests include 20 text questions, and 20 questions with histological microphoto which are evaluated same principle, as all questions of the second level.
Each correct test, regardless of the level of difficulty, gives 1 point to the result.
5. Exam evaluation criteria - minimum passing score - 50 correctly solved tests, which corresponds to the traditional grade "3".

Translation of scores into traditional grades:

Less than 50 points - "2"

From 50 to 60 points - "3"

From 61 to 70 points - "4",

From 71 to 80 points - "5"

Note 1. Level 1 tests from the test bank "Step-1" were presented in all practical classes, grouped by topic and are freely available on the web-page of the histology department and on the MISA platform

(https://new.meduniv.lviv.ua/uploads/repository/kaf/kaf_histology/08.For_foreign_students/HistoExamTestBankEng.pdf).

Note2. Examples of the second level tests with several correct answers are presented on the MISA platform.

Note 3. Photos of all examination microscopical slides are located in the MISA educational system in section «**STUDENT GUIDE & LAB MANUAL for independent studies and self-control in histology, cytology and embryology,-Lviv,2015**» to which each student has free access.

Note 4. Tests of the second level of complexity with photo of all examination microscopical slides were used for the students practical skills evaluation during the colloquia of the first and second semesters and were solved by students repeatedly.
