

List of the slides in Histology exam set

1. Mitosis in the onion root cells.
2. Human blood smear.
3. Loose areolar connective tissue spread.
4. Tendon (longitudinal section),ls.
5. Hyaline cartilage.
6. Elastic cartilage .
7. Fibrocartilage.
8. The cross-ground section of a long bone diaphysis.
9. Endochondrial ossification.
10. Peripheral nerve (cross section), cs.
11. Elastic artery , cs.
12. Vein, cs.
13. Heart.
14. Lymph node.
15. Spleen.
16. Palatine tonsil.
17. Hypophysis (pituitary gland).
18. Thyroid and parathyroid.
19. Thymus.
20. Suprarenal gland.
21. Tongue, filiform papillae.
22. Tongue, foliate papillae.
23. Lip.
24. Developing tooth.
25. Adult tooth.
26. Esophagus (cs).
27. Esophageal-cardiac junction.
28. Fundic stomach.
29. Pyloric stomach
30. Small intestine (ls), duodenum.
31. Colon (ls).
32. Appendix vermiformis (cs).
33. Parotid gland.
34. Submandibular gland.
35. Liver (pig).
36. Liver (human).
37. Pancreas.
38. Skin, fingertip.
39. Scalp.
40. Trachea (ls).

- 41.Lung.
- 42.Kidney.
- 43.Urethra.
- 44.Urinary bladder.
- 45.Testis.
- 46.Epididimus.
- 47.Prostate.
- 48.Ovary.
- 49.Uterine tube.
- 50.Placenta, human.
- 51.Umbilical cord.
- 52.Cerebral cortex.
- 53.Cerebellum.
- 54.Spinal cord (ls).
- 55.Spinal ganglion.
- 56.Eyelid.
- 57.Eye (angle).
- 58.Retina.
- 59.Inner ear.
