

**SCHEDULE OF CLASSES
FOR FOREIGN (ENGLISH SPEAKING) SPECIALISTS OF MASTER'S LEVEL OF THE
5TH YEAR OF MEDICAL FACULTY OF DISCIPLINE «CLINICAL IMMUNOLOGY
AND ALLERGOLOGY» FOR AUTUMN SEMESTER 2022-2023**

№	Topic title	Hours	Date	Group
1	Structure and principles of functioning of immune system. Age immunology.	2	06.09	9, 13
			08.09	10
			09.09	12
			13.09	8, 11, 14
2	Principles of immunological status examination.	2	20.09	9, 13
			22.09	10
			23.09	12
			27.09	8, 11, 14
3	Basic principles of the immunotherapy of immunodependent diseases.	2	04.10	9, 13
			06.10	10
			07.10	12
			11.10	8, 11, 14
4	Immunodiagnostic and immunotherapy in immunotransplantation.	2	18.10	9, 13
			20.10	10
			21.10	12
			25.10	8, 11, 14
5	Primary and secondary immunodeficiencies. HIV/SAID-infection, SARS-Co-2/COVID-19-infection	2	01.11	9, 13
			03.11	10
			04.11	12
			08.11	8, 11, 14
6	Autoimmune diseases (immunodiagnostic, immunotherapy).	2	15.11	9, 13
			17.11	10
			18.11	12
			22.11	8, 11, 14
7	Atopic diseases (immunopathogenesis, clinical symptoms, immunodiagnostic, immunotherapy).	2	29.11	9, 13
			01.12	10
			02.12	12
			06.12	8, 11, 14
8	Acute allergic diseases.	1	13.12	9, 13
			15.12	10
		2	16.12	12
			20.12	8, 11, 14
	Final modul test			
	Total	17		

Plan of classes for foreign (english speaking) specialists was compiled on the basis of the curriculum of the discipline "clinical immunology and allergology" for masters of medical higher education of iii-iv accreditation's level (2020) and approved at the meeting of the department of clinical immunology and allergology N 1 on 30.08.2022.

**Head of clinical immunology
and allergology department, professor
V.V. Chopyak**

**SCHEDULE OF LESSONS
FOR FOREIGN (ENGLISH SPEAKING) SPECIALISTS OF MASTER'S LEVEL OF THE
5TH YEAR OF MEDICAL FACULTY OF DISCIPLINE «CLINICAL IMMUNOLOGY
AND ALLERGOLOGY» FOR AUTUMN SEMESTER 2022-2023**

№	Topic title	Hours	Date	Group
1	Tasks and principles of the immune system functioning. Basic principles of immunological status. Age immunology.	2	14.09	8-14
2	Immunodeficiencies. SARS-Cov-2 and HIV-infection: diagnostic, therapy, immunoprophylaxis.	2	28.09	8-14
3	Autoimmune and allergic diseases (clinical symptoms, immunodiagnostic, immunotherapy).	2	12.10	8-14
Total		6		

APPROVED: at the department meeting protocol №1, 30.08.2022

**Head of clinical immunology
and allergology department, professor
V.V. Chopyak**

**SCHEDULE OF SELF-EDUCATIONAL CLASSES
FOR FOREIGN (ENGLISH SPEAKING) SPECIALISTS OF MASTER'S LEVEL OF THE
5TH YEAR OF MEDICAL FACULTY OF DISCIPLINE «CLINICAL IMMUNOLOGY
AND ALLERGOLOGY» FOR AUTUMN SEMESTER 2022-2023**

№	Topic title	Hours
2	The basic principles of infection immunity. Immunoprophylaxis of infectious diseases.	8
3	Herpetic immunotropic infections: clinical symptoms, diagnostic immunotherapy.	8
4	Organspecific autoimmune (immunodiagnostic, immunotherapy).	6
Total	22	

APPROVED: at the department meeting protocol №1, 30.08.2022

**Head of clinical immunology
and allergology department, professor
V.V. Chopyak**
