

РОЗКЛАД ЗАНЯТЬ

для чужоземних студентів 4 курсу медичного факультету
спеціальність "МЕДИЦИНА" на 8 семестр 2023/2024 н. р.

Початок занять – 29.01.2024 р. Кінець занять – 02.06.2024 р.

Початок занять по I тижню

Пара	Понеділок	Вівторок	Середа	Четвер	П'ятниця
I Поч. 8.30 Зав. 10.50		1 гр. 4 мед. (3 год) доц. <i>Oleksandr Semenyuk</i>			
II Поч. 11:15 Зав. 13:35				2 гр. 4 мед. (3 год) доц. <i>Oleksandr Semenyuk</i>	
III Поч. 14:00 Зав. 15.35			/1-2 гр. мед. л. 14.00 доц. <i>Oleksandr Semenyuk</i>		

**Subject plan of practical classes in the Department of Otorhinolaryngology
for the 4 year, 8th semester students, specialization: Medicine (English Medium) (groups 1-2)
Spring 2023-2024**

№	Topic of the lesson	Hours	3 Tue	4 Thu
1.	Endoscopic examination of ENT. Clinical anatomy, physiology, methods of investigation of external and middle ear.	3	30.01	01.02
2.	Clinical anatomy, physiology, methods of investigation of hearing and vestibular apparatus.	3	06.02	08.02
3.	Clinical anatomy, physiology, methods of investigation of nose, paranasal sinuses, pharynx, larynx, bronchi and esophagus. Chemosensory and sinonasal dysfunction due to SARS-CoV-2 (COVID-19).	3	13.02	15.02
4.	Diseases of the external and middle ear. Acute purulent otitis media. Mastoiditis.	3	20.02	22.02
5.	Chronic purulent otitis media and its complications. Labyrinthitis. Otogenic intracranial complications.	3	27.02	29.02
6.	Nonpurulent ear diseases.	3	05.03	07.03
7.	Acute and chronic nose diseases.	3	12.03	14.03
8.	Acute and chronic diseases of the paranasal sinuses (including symptoms of SARS-CoV-2 (COVID-19)). Rhinogenic intracranial and orbital complications.	3	12.03	14.03
9.	Acute pharyngeal diseases.	3	19.03	21.03
10.	Chronic pharyngeal diseases.	3	26.03	28.03
11.	Acute and chronic laryngeal diseases.	3	02.04	04.04
12.	Traumas, foreign bodies and hemorrhages of the ENT, airways and esophagus, urgent care.	2	09.04	11.04
13.	Tumors of the ENT organs. Infectious granulomas of the upper airways.	2	16.04	18.04
	Total	37		

3, 4 group – *Oleksandr SEMENYUK*

Head of Department

assoc. prof. Oksana MOSKALYK

**Subject plan of lectures in the Department of Otorhinolaryngology
for the 4 year, 8th semester students, specialization: Medicine (English Medium) (groups 1-2)
Spring 2023-2024**

No	Topic of the lectures	Hours	Date	Lecturer
1.	External otitis. Acute purulent otitis media. Mastoiditis. Chronic otitis media. Otogenic intracranial complications.	2	07.02.	Oleksandr Semenyuk
2.	Nose and paranasal sinuses diseases. Rhinogenic orbital and intracranial complications.	2	21.02.	Oleksandr Semenyuk
3.	Acute and chronic tonsillitis. Complications. Laryngeal diseases	2	06.03.	Oleksandr Semenyuk
4.	ENT emergencies.	2	20.03.	Oleksandr Semenyuk

Head of Department

assoc. prof. Oksana MOSKALYK

**Subject plan of independent work in the Department of Otorhinolaryngology
for the 4 year, 8th semester students, specialization: Medicine (English Medium) (groups 1-2)
Spring 2023-2024**

№	Topic	Hours
1.	Differential diagnosis of sound conduction and sound perception disorders.	2
2.	Otogenic intracranial complications, otogenic sepsis.	2
3.	Nasal valve, osteomeatal complex.	2
4.	Deformation of the external nose, rhinoplasty.	3
5.	Functional voice disorders.	3
6.	Physiology of lymph adenoid pharyngeal ring	3
7.	Methods of olfactory research. Olfactory disorders due to SARS-CoV-2 (COVID-19). Rehabilitation methods for olfactory disorders.	3
8.	Allergic diseases of the ENT organs.	3
9.	Mycosis of the ENT organs.	3
10.	Complications of acute tonsillitis	3
11.	Phytotherapy in otorhinolaryngology.	3
12.	Physiotherapy in otorhinolaryngology.	3
13.	Nasal bleedings.	3
14.	Foreign bodies of the ENT organs.	3
15.	Pharyngeal cancer.	3
16.	Premalignant laryngeal lesions.	3
	Total	45

Head of Department

assoc. prof. Oksana MOSKALYK
