FORMS OF CURRENT CONTROL AND CRITERIA FOR EVALUATION OF STUDENTS 'WORK

Evaluation of the student's mastery of each topic is based on deriving the arithmetic mean of grades for three types of student activities during each practical lesson: oral answers, written work (tests) and the level of activity during the lesson. These three activities are assessed on the scales given below.

1. 1. Oral control - oral answers:

«5»	«4»	«3»	«2»
The student knows the material well, does not make significant mistakes, only occasionally makes minor inaccuracies	The student knows the material well, but makes mistakes	The student partially knows the material, makes significant mistakes	The student doesn't know the material,

2. Written control - test results:

«5»	«4»	«3»	«2»
90-100%	75-90%	50-75%	< 50%

3. Student activity in class:

«5»	«4» - «3»	«2»
Proactive	Active	Passive

✓ Critical and self-critical	✓ Not always critical and self-critical	✓ Unable to be critical and self-critical
✓ Can plan and manage time	✓ Knows how to plan and manage time quite well or partially	✓ Does not know how to plan and manage time
✓ Able to produce new ones	✓ Not always able to produce new ideas	✓ Not able to produce new ideas
✓ ideas (creative)	✓ Can search and analyze quite well or partially information from various sources	✓ Cannot search and analyze independently information from various sources
✓ Effectively searches for and analyzes information from various sources	✓ Can formulate and solve problems quite well or partially	✓ Can not formulate and solve problems
✓ Effectively formulates and solves problems	✓ Not always able to apply knowledge in practical situations	✓ Can not apply knowledge in practical situations
✓ Effectively applies knowledge in practical situations	✓ Works pretty well in a team	✓ Cannot work in a team
✓ Works effectively in a team	✓ Sometimes takes the initiative	✓ Non-initiative
✓ Initiative	✓ Not always persistent in performing tasks	✓ Does not show persistence in performing tasks
✓ Persistent in performing tasks	✓ Does not always adapt to new situations	✓ Cannot adapt to new situations
✓ Effectively adapts to new situations
